

Driven by quality of science and quality of service, **Labstat International Inc.** is recognized around the world as “A Centre of Analytical Excellence”.

Labstat is independent of any affiliation or association with government agencies, advocacy groups or the tobacco industry. Established in 1976 as a tobacco characterization laboratory.

Labstat has evolved into a globally recognized analytical laboratory dedicated to research, testing and analysis of nicotine containing products in general for regulatory reporting and labeling. We are GLP compliant and ISO 17025:2005 accredited, and currently hold accreditation for 160 test methods. Our unique expertise in tobacco and nicotine analysis provides an opportunistic situation for growth in the cannabis industry.

**As a result of our continuing expansion, Labstat has the following employment opportunity available:**

**Laboratory Technician - Sample Preparation**  
**Posting #2020-20**

Technicians are required to prepare solutions and ice baths, use impingers and other glassware. The successful candidate will be familiar with a variety of laboratory equipment and techniques. You will be responsible to ensure that all applicable equipment is verified/calibrated prior to use; prepare samples in compliance with the published SOP's and test methods. This role may also be cross trained into several Sample Generation tasks for consistent results. Technicians must possess a minimum degree or diploma in chemistry or related field and have intermediate knowledge of Microsoft Office (Word and Excel). Must be able to rotate shifts (days and afternoons).

***You are the ideal candidate for the above position if you have a demonstrated commitment and enthusiasm for working in a team-based environment. You have excellent communication skills, high energy, and a willingness to learn and achieve results.***

Labstat offers competitive wages, benefits, vacation schedule, training programs and social events.

**Labstat values a diverse workforce.**

**Labstat values Equal Opportunity and embraces diversity. Begin a dynamic and rewarding career by becoming a member of Labstat's team of professionals!**

*Labstat is committed to meeting the accessibility requirements under the AODA and we invite applicants to contact us for specific requirements.*
